A Job Well Done

It was nice to see everyone's faces this past week! We're glad you're back and so grateful to all of you who made our first week back run smoothly. An extra thank you to those who pitched in to help cover for those who were home sick or had last minute emergencies. We are blessed to be in such a kind and caring community!

How can we pray for you?

Prayer request forms can be found at the Welcome Table. Please let us know how we can pray for you.

Lost and Found

Please check the Monday Lost and Found. The tub is overflowing and everything will be taken to Goodwill at the end of the day on January 15th.

Flu Season!

If your class is canceled, the **facilitator** will notify you and **turn the class into an open study hall** with two adults in the room.

If that is not possible, students should go to Open Study Hall or stay with their parent. Jobs still need to get done, so please find someone to do your job if your family is absent. If you have a fever, *please* stay home and heal.

Who noticed the strange things on the doors?

Our classroom doors are locked at all times for security. To allow entrance into the classrooms we cover the strike plate with magnets to prevent the doors from latching (this is why you simply have to push a closed door open rather than turn the handle!). New as of last week, some *Wednesday* classroom doors have grey foam "stoppers" at the top of the doors. The stoppers or magnets can be easily removed so doors can be quickly closed and locked in case of a "Shelter-in-Place" emergency. **PLEASE DO NOT REMOVE** the stoppers or magnets unless asked to by a teacher, facilitator, or board member. Please share this with your children and be sure they know how to respond to emergencies.
